IPA-K - Institucionalna podrška antikorupciji
EU pomaže BiH u borbi protiv korupcije

This publication was produced with the financial support of the European Union. Its contents are the sole responsibility of IPAK project and do not necessarily reflect the views of the European Union.

Ova publikacija je izrađena uz finansijsku podršku Evropske Unije. Za njen sadržaj je odgovoran isključivo IPAK projekat i nužno ne odražava stavove Evropske unije.

Cilj javnog konkursa kojim je projekt Evropske unije "Institucionalna podrška antikorupciji - IPAK" pozvao vizuelne umjetnike, dizajnere, studente umjetničkih akademija i fakulteta ali i sve druge građanke i građane, punoljetne državljane BiH jeste bio da se na umjetnički i kreativan način ilustruje borba protiv korupcije.

Vrlo domišljati i kreativni radovi, njih ukupno 17 iz različitih polja umjetnosti su prikazali kako autori vide borbu protiv korupcije i istakli važnost artikulacije ove teme u javnosti, čime je i ispunjena konačna svrha objave konkursa - uspješno komuniciranje poruka borbe protiv korupcije u BiH kroz različite sadržaje i izražaje.

Žiri u čijem su sastavu bili renomirani predstavnici iz polja vizuelne umjetnosti, medija i institucionalne borbe protiv korupcije s obzirom na kvalitet i broj pristiglih radova nije imao lagan zadatak da odabere najbolje koji zaista najuspješnije artikuliraju temu sa vizuelnim sadržajem i ističu se svojim jedinstvenim izrazom i kvalitetom izvedbe.

Bitno je istaći da najbolji radovi dolaze iz različitih polja vizuelne umjetnosti i time na izvjestan način ispunjavaju i sekundarni cilj ovog konkursa, podstaći kreativce da u borbi protiv korupcije daju svoj doprinos na način na koji to najbolje čine, umjetničkim radom i djelom.

Zahvaljujemo im od srca jer su uspjeli da nam pokažu šta misle, da ukažu na važnost problema s kojim se svakodnevno suočavamo ali i na potrebu da se na isti da još kvalitetniji i institucionalno snažniji odgovor.

Vaš IPAK projekat

The aim of the public competition announced by the European Union project "Support to implementing anti-corruption strategies in Bosnia and Herzegovina - IPAK" targeting the visual artists, designers, students of art academies and faculties, but also all other citizens of BiH, was to illustrate the fight against corruption in an artistic and creative way.

Very ingenious and creative works, a total of 17 from different fields of art presented both the views of authors on the fight against corruption and the importance of articulation of this topic in public. It fulfilled the ultimate purpose of this Competition's announcement - successful communication of anti-corruption messages in BiH through various contents and expressions.

Considering the quality and number of submitted works, the jury consisted of respected representatives from the field of visual arts, media, and institutional fight against corruption did not have an easy the task to choose the best ones that most successfully articulate this topic with visual content and stand out with their unique expression and quality performance.

It is important to point out that the best works come from different fields of visual art and thus in a way fulfil the secondary goal of this competition, to encourage artists to contribute to the fight against corruption in the way they do best, through art and work.

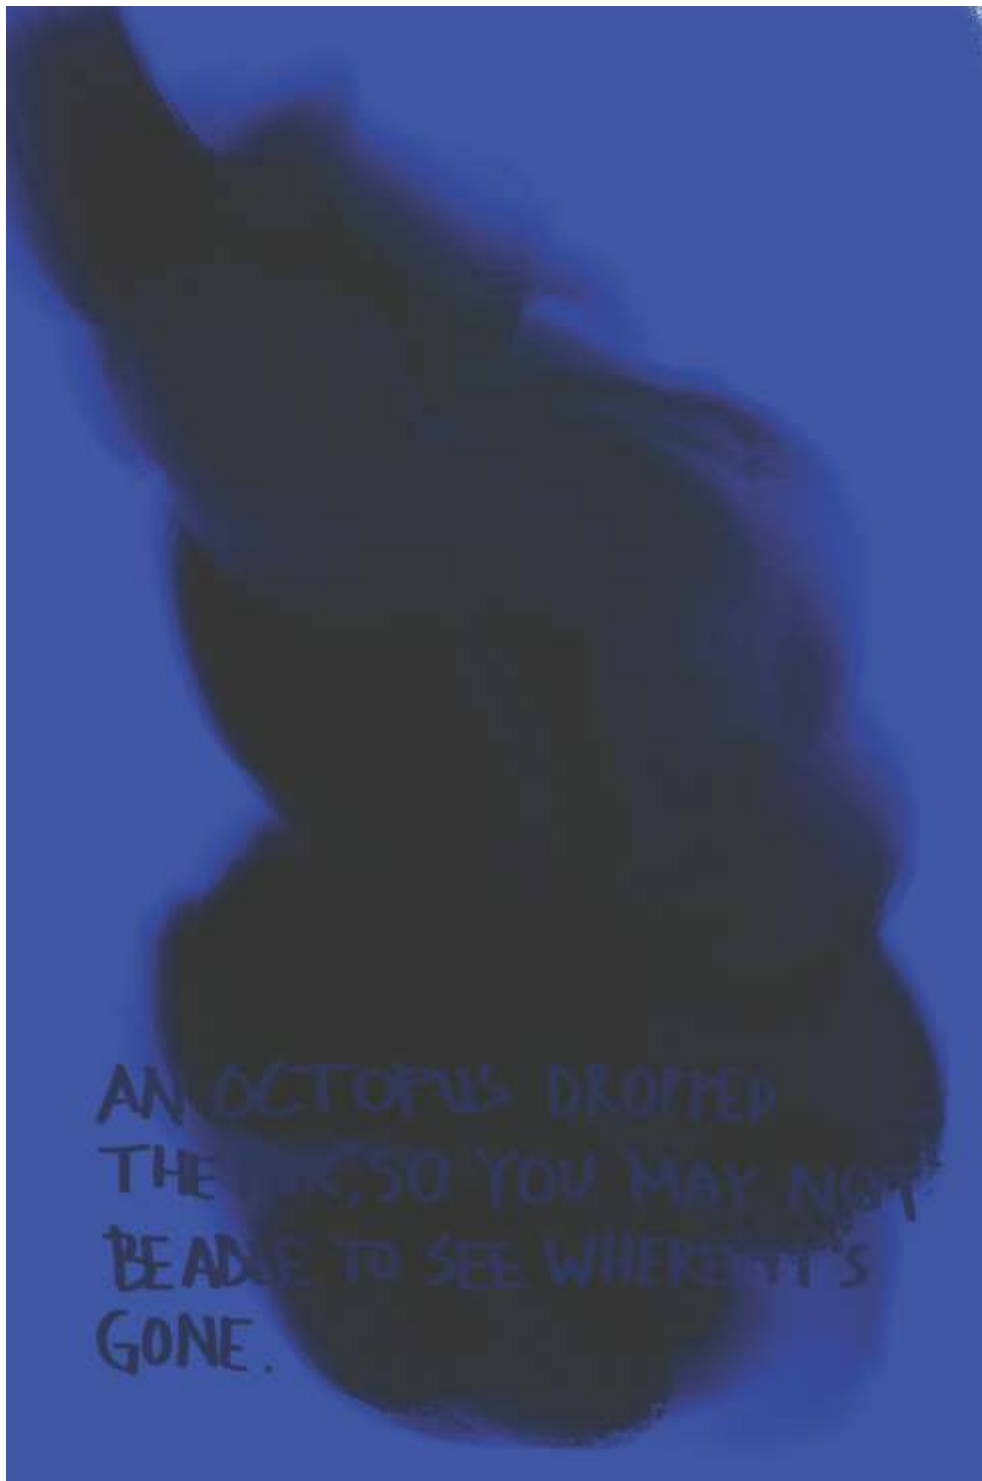

We thank them from the bottom of our hearts because they managed to show us what they think, to point out the importance of the problem the society face every day, but also the need to give an even better and institutionally stronger answer to it.
